

January 2026

01/07/2026 11:35 am EST

General availability

The following features are currently available for you to use.

Data exports

You can now run [export jobs](#) on an hourly schedule for all job types, except eligibility status events.

Data imports

You can use email eligibility import to upload opted-in or unsubscribed email addresses. To learn more, see [Create an email eligibility import](#) and [Understand import types](#).

SMS/MMS

Additional states send times are now supported. See [State-specific send times](#) for more information on which states and their send times are supported.

Early access features

The following features are in early access and are not generally available at this time. If you are interested in being an early access client for any of these features, reach out to your Customer Success Manager.
